Law (General) Dept

(CNo. 6562C/29) From the Chief Inspector of Explosives in India, no. P-3(1) dt 3.10.29

Subject: Petroleum - Importation at Mangalore, Malpe & Mangalkatta.

AS. The petroleum testing apparatuses at Mangalore and Malpi, being no longer required at those ports, have been ordered to be returned to the Chemical Examiner, Govt of Bengal. The D.M.O., South Kanara, will take action in regard to those instructions.

2. The Chief Inspector of Explosives in India suggests that rule 1, Part VI of the Petroleum rules may be amended, if necessary, by the deletion of these ports (of Mangalore Malpi & Mangalkatta) from the list of ports given therein. It is submitted that it is not necessary to amend the rule, as (even should such an amendment be effected) it would not be possible to import petroleum at those ports in future should such a necessity arise, without fresh rules amending the rules. Attention is invited to the letter from the Collector of Customs on p 4 of G.O. 3703 Law (Genl)

of 24.9.29 in which he states that petroleum may be imported into those ports from Marmagoa. In the circumstances, no action seems called for at present. The letter from the Chief Inspector of Explosives may be recorded. A draft is submitted.
